

Made out of precision machined aluminum and non-corrosive components, this will be the last mister attachment you'll ever need.

MOUNTAIN MISTER

Mister Attachment

The Super Vac Mountain Mister can convert any fan into a cooling unit for rehabilitation.

Features

- ❶ **Mister Compatibility:** Attaches to the outlet guard of any PPV, smoke ejector or blower/exhauster; simply attach a garden hose or an auxiliary line from any fire apparatus pump panel to provide heat relief
- ❷ **Versatile Design:** Can be used by itself; simply hang under an awning or from a shady tree
- ❸ **Water Efficiency:** Only consumes 3 gallons of water per hour!
- ❹ **Optional Features:** Storz connection and magnetic version for StreamShaper guards
