

# Cloud 9 “No Other Machine Like It”

MODEL #	REQUIREMENTS	H. W. D.	WEIGHT
Cloud 9	120 VAC. CO <sub>2</sub>	28" x 28.5" x 20.5	132#

Smoke training used to be a nightmare for instructors using glycol based smokers that frequently clogged, produced rapidly dissipating smoke that burned when inhaled, and left slippery residue on surfaces. That all changed with the introduction of Super Vac's new self cleaning mineral oil based Cloud 9 Smoker which produces huge amounts of pure white smoke, doesn't cause breathing discomfort, has superior hang time, and leaves no slippery residue. The Cloud 9 Smoker features the Automatic Clean Cycle ACC that kicks in every time the machine is used. Change your next training

nightmare into a dream with the Cloud 9 Smoke machine from Super Vac.

Cloud 9 Fluid  
Non-Toxic, Clear  
odorless Oil Base

1 Liter bottle

*Training personnel should always wear SCBA's if they are exposed to any training smoke for long periods of time.*

London Fogger Fluid  
Water Base Fluid

1 Liter bottle

# London Fogger “Big City Little Smoker”

MODEL #	REQUIREMENTS	H. W. D.	WEIGHT
London Fogger	20 VAC.	10" x 20" x 9	26#

The London Fogger has been designed with safety and reliability in mind. Every unit is equipped with the exclusive Auto Extract System (AES) that extracts fluid from the heating module after smoke production. The AES prevents residual buildup, clogging and reduces incidental puffing. Each unit comes complete with a remote control on a 50 foot extension cord to make that next training exercise go extra smooth. And with the AES, you are guaranteed that the first puff of smoke won't be the last.
