

S-595 Smoke Machine ↔ London Fogger ↔ Glycol Based

a glycol based smoke generator from SuperVac's London Fogger Series. The London Fogger Smoke machines and the S-595 are designed with durability and safety in mind for departments on a budget in need of a quality smoke generator. The S-595 has dual outlets and produces twice as much smoke as the S-575 in the same time.

Requires 230V AC

Features

- ↔ **Glycol Based** ↔ a proven choice trusted by departments world-wide
- ↔ **Light Weight, Compact** ↔ easy transportation and storage

- ↔ **Remote Control** ↔ 50 ft extension cord
- ↔ **Auto Extract System** ↔ prevents residual buildup, clogging, and incidental puffing - longer life than other pump based foggers
