

HIGH-EXPANSION FOAM GENERATOR PPV Accessories

This foam generator attaches easily to any Super Vac PPV (from 16"-30") or Super Vac Smoke Ejector (from 16"-24") and is capable of producing foam up to an expansion rate of 1000:1 for tough extinguishments, including oil and mining operations, ship-hold areas and scenes with flammable liquids.

Includes: Metal shroud, foam expansion netting and a 30 GPM in-line educator and 1 1/2" NH hose adapter. Can be ordered in either red or blue.
