

S-575 London Fogger Smoke Machine

An economical option, many departments trust Super Vac's time-tested glycol-based smoke machine, the London Fogger.

Features

- 1 **Glycol Based:** A proven choice among departments.
- 2 **Compact, Lightweight Design:** Easy to transport/store.
- 3 **Remote Control:** Includes 50' extension cord.
- 4 **Auto Extract System:** Prevents residual buildup, clogging and incidental puffing, providing longer lifespan than most pump-based foggers.

**5-YEAR
WARRANTY**

Glycol Based (requires Super Vac London Fogger Fluid) - H x W x D: 10" x 20" x 9" - 255 mm x 510 mm x 230 mm

| Model | Weight | Outlets | Power Requirements | Warm Up Time | Fluid Consumption | Output |
|-------|----------------|---------|--------------------|--------------|-------------------------|-----------------------|
| S-575 | 26 lbs - 12 kg | 1 | 115V AC - 1,400 w | 10 min | 35 oz/hr - 1,035 ml /hr | 1,800 cfm - 3,060 cmh |
