

MANHOLE ADAPTERS For Smoke Ejectors

Manhole Adapter

These adapters allow utility companies to safely place negative pressure fans on top of the manhole to pull smoke and toxic fumes from deep below the surface. These rugged aluminum adapters come in four sizes and sit in manhole rings to provide a stable mounting surface for Super Vac box fans.

Model	Fan Size	Manhole Size
MA12-24	12" 305 mm	24" 610 mm
MA12-30	12" 305 mm	30" 762 mm
MA16-24	16" 406 mm	24" 610 mm
MA16-30	16" 406 mm	30" 762 mm

Note: Not for use if the manhole is the only means of egress.
