

HEAT PAC 25 Environmental Control

The perfect complement to the Super Vac Rapid Tent, the HeatPac25 provides fresh, warm air at a temperature rise of 80° over ambient. Featuring an 8" blower and CGA-approved heater, the unit is portable and connects to a standard propane tank. The supplied 25' duct allows crews to deliver warm air with precision.

- ❶ **Small, but Powerful:** Delivers enough power to warm tents, shelters, extrication victims and more.
- ❷ **Extended Run Time:** 10 hours of use on a standard propane tank.
- ❸ **All Accessories Included:** Comes standard with blower, heater, hose, gauge and regulator to connect heater to propane duct.
- ❹ **Low Voltage:** Runs on 115V AC.

8" Blade Portable Heater - H x W x D: 15.25" x 33" x 13.5" - 385mm x 840mm x 345mm

Model	Weight	Requirements	Output
HEATPAC 25	50 lbs 23 kg	Propane 2 lbs/hour	80° F of temp rise @ 500 cfm (850 chm)
